

### Booth Location Request

This is an opportunity for you as a vendor to indicate preferred locations for your booth. The Art Mart committee will do its very best to accommodate your request. On the registration information is a map of booth locations. *We are hoping to concentrate vendors in spaces 1-34 so please note this fact as you make your selection.*

Please indicate your top three locations as well as any comments or concerns in the space below. Space is limited to a specific numbers of vendors and site selection will be based upon postmark date of completed application and pay basis. Remember, we will do our best to accommodate your preference, but are not making any guarantee. We will also do our best to separate vendors selling similar products.
